STUDY QUESTIONNAIRES

BOARD WILL WEED OUT REGISTRANTS IN NON-PRODUCTIVE OCCUPATIONS

Members of the Board of Exemption were in session Monday afternoon preliminary to "Work or Fight" hearings. One man has been summoned to appear before the Board this (Tuesday) morning and arrangements have been made for a review of the Questionnaires to ascertain who are not employed or of men who under the selective service regulations would be classified as engaged in non-productive occupatons or employments.

Under the definition of non-productive occupation or employment the regulations under which the Board is obliged to act, in Section 121 K, state:

"In the present emergency it is not possible to extend the protection of deferred classification to those registrants engaged in certain ocupations or employments which are non-productive. There is a great demand for labor in all productive occupations and employments, especially agriculture and other necessary industries. Therefore, registrants who have been given deferred classifications, who are engaged in non-productive occupations, and who can do so without substantial financial loss or hardship to themselves or others, should be willing to seek some productive occupation or employment or enter the military service rather than to remain in an occupation or employment in which they are rendering no assistance to the nation.

"If the registrant is idle, he of course is not occupied or employed at all and his status in idleness furnishes ground for the withdrawal of his deferred classification or his order number, and the regulations applicable to idle registrants shall be deemed applicable also to gamblers of all descriptions and employes of race tracks and bucket shops and to fortune tellers, clairvoyants, palmists, and the like, who, for the purposes of these regulations, shall be considered as idlers.

The employment or engagemen of any able bodied registrant of military age in any of the following occupations or employments is not sufficiently effective in the presnt emergency to justify the postpoement of his call into the military sevice notwithstanding he may have a late order number and notwithstaning he may have been placed in Clas II, III or IV on the ground of d-

LINDLEY IS CANDIDATE

GLENDALE MAN WILL MAKE THE RACE FOR ASSEMBLYMAN IN 61ST DISTRICT

Los Angeles, Cal., July 2, 1918.
Glendale Evening News:

Without any solicitation on my part I have been urgently requested by many of my friends and acquaintances to become a candidate for the nomination for assemblyman in this district, and after careful consideration I have consented to do so. I therefore wish to announce my candidacy and to state the principles upon which I stand and on which I solicit the support of my friends and fellow citizens.

First, last and all the time I stand back of the Federal government in all of its "win-the-war" activities, and believe that all other matters should be subordinated to that task where they would in any manner conflict or handicap that issue.

I am whole-heartedly in favor of the ratification of the National Prohibition Amendment; and stand squarely in line upon all moral questions.

I believe that in these times of unprecedented cost of living and of frequent demands upon our resources, to come to the support of the Federal government and the various organizations that are helping in the war work we should eliminate all unnecessary expense and exercise the utmost economy in all matters pertaining to the State government.

I am an unqualified booster for the State of California and for Glendale and the San Fernando Valley in particular, as one of the very best sections of this wonderful State.

If elected I will faithfully represent my entire District, regardless of politics or creed, and, so far as it lies within my power to do so, will promote the interests of the District.

I appreciate the honor already conferred upon me by requesting me to become a candidate and I will endeavor to prove worthy of the support of my fellow citizens.

Respectfully,
ARTHUR G. LINDLEY,
104 S. Kenwood St.

GO TO CAMP LEWIS

LOCAL BOARD CALLS FOURTEEN MEN TO ENTRAIN ON JULY 22

Following is a list of the registrants who have been called for entrainment July 22d to be sent to Camp Lewis. It will be observed that the list includes but one Glendale man:

Anton M. Hansen, 1440 Vine St., Glendale.
Carl Benjamin Gray, Mozart Apartments, Los Angeles.
Francis L. Sherwood, Los Angeles.
Virginio Berta, Burbank.
Leopold Chacanaca, Saugus.
Teddy Anderson, San Pedro.
Tommy Grimes, Hollywood.
Lewis Ortega, San Fernando.
Manuel Chaffino, El Paso, Texas.
Ralph R. Brown, Calabasas, Cal.
Martin H. Matthiesen, Lankershim.
Ezra D. Mosher, Ontario, Cal.
Irwin W. Gruhl, Los Angeles.
Tony Tapia, Palms, Cal.

POLICE AND COURT AFFAIRS

Glendale continues very quiet so far as lawbreakers are concerned. Two Mexicans, Segundo Valesquez and Juan Rodrequez who were drunk got into a fight on Los Felis boulevard Sunday. One was armed with a shovel, the other with a butcher knife. As a result, one man was quite badly cut in the hand. Both were arrested by officer Garwood and locked up over night. Yesterday morning (Monday) they had a hearing before Judge Lowe, who fined the uninjured man $25 and released the other one.

Another hearing before Judge Lowe was the case of J. M. Beston of Los Angeles, arrested on San Fernando road Saturday for driving at the rate of 45 miles an hour. He pleaded guilty and paid the fine of $25 which the judge imposed.

THE CHILDREN'S RESPONSE

Mrs. O. H. Belew, who occasionally attends a matinee at the Palace Grand Theatre, where she has an opportunity to observe the behavior of boy and girl patrons, has been much impressed by their patriotic response on all occasions which seem in any way to make such a demonstration fitting. She instanced the film recently shown featuring Rita Jolivet. Instantly, when the opening notes of the Marseillaise were sounded by the orchestra, every child in the audience stood up, to show respect to the flag of France. It showed training on the part of their teachers and personal understanding on the part of the children which she felt parents ought to be made to realize.

EN ROUTE "OVER THERE"

Mrs. Ella W. Richardson is in receipt of a number of cards and letters from her son, E. Will Richardson, Co. B, Military Police, who is en route from Camp Lewis to an embarkation camp on the Atlantic coast. He left Camp Lewis about June 27 and says he is having one grand trip across the continent. The country is beautiful, the weather cool and the cops are fine. The country through which they are passing on the U. P. route looks prosperous. Will is jubilat that he is on his way. Murray Durham, son of Mr. and Mrs. J. W. Durham of Glendale, is in the same company.

GO TO PALO ALTO

Mr. and Mrs. Harry Greenwalt of 150 Oak street, left Monday for Palo Alto California, where Mr. Greenwalt has accepted a position as head of a transportation company at a fine salary. They intend to make their home in Palo Alto, where their son Ronald will enter Stanford University. Mrs. Greenwalt has been a prominent member of the Tuesday Club and of the Parent-Teacher Federation of which she was recently elected president. Her many friends will be very sorry to lose her and she will be greatly missed in the organizations named, where she has rendered efficient service.

MEETING AT INTERMEDIATE

As announced last week, a business session of the Parent-Teacher Federation will be held Wednesday morning from 10 to 11 o'clock at the Intermediate school. Filling the vacancy caused by the resignation of Mrs. Harry Greenwalt as president will be an important item of business in connection with other matters to come before the organization.

Following this session, members of the Reading Circle which has been meeting at the home of Mrs. Charles Toll will gather with their children to continue the war work which had been carried on in the school.

P. E. EMPLOYES WILL STRIKE

TWELVE HUNDRED WILL WALK OUT AT 7 O'CLOCK TONIGHT IF DEMANDS TO RECOGNIZE UNION ARE NOT MET

(Special Service to Glendale Evening News)

LOS ANGELES, July 2.—A strike of more than 1200 employes of the Pacific Electric Company will be called at 7 o'clock tonight unless the Company meets the demands of the newly formed Trainmen's Union. This ultimatum was announced this afternoon by leaders of the Brotherhood of Railway Trainmen. Recognition of the Union and a few minor changes in hours and pay comprise the demands of the employes. Union official demands were outlined in a letter to President Paul Shoup of the Pacific Electric but attempts to deliver this letter to Mr. Shoup up to noon were unsuccessful. Another attempt to deliver the letter will be made this afternoon, but in the meantime the men will stand by their strike ultimatum, say the leaders.

MOTION PICTURE WORK ESSENTIAL

LOS ANGELES BOARDS DECIDE STUDIOS SHALL NOT BE AFFECTED BY WORK OR FIGHT ORDER

(Special Service to Glendale Evening News)

LOS ANGELES, July 2.—The motion picture industry is not to be menaced or curbed by the government's "work or fight" order. Local draft boards declared unanimously that they are adopting a policy to enable the motion picture business to go as usual in the thirty-one local studios. At the same time it is indicated that no slackers will be allowed to hide behind the motion picture mantle to escape essential work. Some of the big producers declare they have unofficial advices that the government does not intend to injure the industry.

AMERICANS ADVANCE AT CHATEAU-THIERRY

CO-OPERATING WITH FRENCH, U. S. TROOPS TAKE IMPORTANT HEIGHTS AND VILLAGES

(Special Service to Glendale Evening News)

WITH THE AMERICANS ON THE MARNE, July 2.—American forces last night advanced a half mile on a two-mile front west of Chateau-Thierry, capturing 450 prisoners and inflicting heavy losses. American losses were extremely light. The Americans took the village of Vaux, Hill 192, La Roche wood and penetrated Cleribaut wood. The hills captured were important as they dominate the situation at Chateau-Thierry. Simultaneously the French and American forces attacked Hill 204 and captured it after a bitter struggle. Twelve hours' shelling preceded the infantry advance, which obtained its objective in forty minutes. The successful co-ordination of the infantry and the artillery made the advance with small losses possible. Each man in the Vaux attack was given a photograph and map of the village and they were in it twenty-three minutes after they left the trenches. The advance was in skirmish form behind a barrage and the troops arrived at their objective practically unscratched.

BRITISH REPULSE ENEMY RAIDS

GENERAL HAIG REPORTS SUCCESSFUL ENGAGEMENTS—FRENCH REPEL ENEMY RAIDS AND TAKE PRISONERS

(Special Service to Glendale Evening News)

LONDON, July 2.—General Haig reports enemy attacks seeking to recapture British gains in Picardy northwest of Alberts were repelled, with heavy losses. At one point where the enemy gained a foothold they were expelled. Enemy attacks at Avely wood, Avion and Hinges were repelled. Paris reports the Americans took two hundred prisoners in the attack on Hill 204 in co-operation with the French. French raids between Montdidier and Noyon, east of Rheims, resulted in a number of prisoners.

The Austrians are developing further attempts at Monte di Vall Bella, despite the appalling losses inflicted yesterday by the Italians. It is reported the Austrians hanged 3000 Czecho-Slovac soldiers captured at Montello.

URGE PERMANENT GOVERNMENT CONTROL

(Special Service to Glendale Evening News)

WASHINGTON, July 2.—Advocating permanent government control of communication systems, Secretary Baker today urged the House Commerce committee to quickly report the resolution empowering the president to take over telegraph and telephone lines. He urged that there be no time limit on the bill. Opponents of the measure seek to insert a clause providing that federal control shall cease six months after peace is declared.

Three cabinet members, Secretaries Baker and Daniels and Postmaster General Burleson, strongly advocate permanent government ownership of railroads, telegraph and telephone lines. They hold the proposed step is a military necessity.

S. P. HEAD NAMED DIRECTOR OF RAILROADS

(Special Service to Glendale Evening News)

WASHINGTON, July 2.—Will G. Sprowle of San Francisco was today appointed District Director of National Railroads with direction of railroads west of Salt Lake. Sprowle is president of the Southern Pacific and will have his headquarters in San Francisco.

TALK OF HOME

LIEUTENANT ROCHESTER AND DR. WILLISFORD MEET IN FRANCE

Mr. and Mrs. Rochester, of Hotel Victor, have recently received a letter from their son Lieutenant A. S. Rochester who is on the staff of one of the French hospitals telling of the very pleasant meeting he had with Rev. E. H. Willisford and their good talk about "home." In his letter, which is exceedingly interesting, he describes Decoration Day services which he attended, in which the regimental band, a drum and bugle corps, a battalion of infantry, many officers and nurses marched in line to the cemetery where, after an appropriate service, the graves were decorated with the guns booming in the distance, the airplanes humming overhead, and French soldiers passing in a continuous line on their way to the trenches. It made an impression upon his mind he will never forget.

TO BE TRAINED AT GOVERNMENT EXPENSE

Under the call received by the Exemption Board for three men to report to the Commanding Officer at the Los Angeles Chamber of Commerce to take instruction in mechanical branches at government expense, the following registrants were sent forward this morning.

Joseph Ewing Foy, 1222 Chestnut street, Glendale, an electrician.

Herbert H. Brown of 1535 West 55th street, Los Angeles, a chauffeur.

Leslie Lindsay Patch of Glendale, a carpenter.

The call required that the men be physically fit for general military service, also that they have a grammar school education, and have general aptitude or some experience in mechanical work. The call also stated that the training they would receive would fit them to serve in army positions both at the front and behind the lines. It will no doubt help these men to promotion and they are fortunate in securing the opportunity.

DOCTOR W. C. MABRY A CAPTAIN

Dr. William C. Mabry of 115 East Acacia avenue has received a commission as Captain and been ordered to report by July 10th to the Base Hospital at Camp Lewis. The doctor is over the age limit and is not obliged to go, but facing the great need for experienced physicians in the army, he feels it is his duty as a patriot to enlist in the medical service. He saw strenuous service in the Spanish-American war as an army surgeon and knows something of what it means. Mrs. Mabry and her children will continue to reside in Glendale during his absence. The doctor has been in practice in this city for a good many years and has many friends here who will miss him, but who appreciate his patriotism. He will leave for the North Saturday.

BIRTHDAY PARTY

Little Ethelwyn Mae Kent, daughter of Mr. and Mrs. Roy Kent of 1414 Salem street, celebrated her fourth birthday last Friday afternoon with a party at which Charles Wilson Lawry, Jack Galvin, Margery Stallard, Lawrence Stallard, Nellie Lore, Wesley and Howard Kent were guests. The table had been made beautiful with flowers and favors and things that children like and a birthday cake with four candles upon it was placed before the little hostess. Candy and plenty of ice cream were other important features of the feast. During the afternoon the children had a good time playing games on the Kent lawn. Little Ethelwyn received many pretty gifts.

QUIET WEDDING

A quiet wedding was celebrated Monday evening at the home of Mrs. Richmond Lane, 1220 Doran street, when her brother, Dr. Huse Standefer, a practicing dentist in the Story building in Los Angeles, was united in marriage to Miss Myrtle Kinyon, also of Los Angeles. Rev. Clifford Cole officiated and the only witnesses were the relatives of the contracting parties. Immediately following the ceremony Dr. and Mrs. Standefer left for San Francisco, where they will make their future home.

VITAL STATISTICS

City Clerk Sherer has been compiling vital statistics for the month of June and also for the half year. He reports twenty-four births in June against 14 deaths. He also states that his records show that during the year ending July 1st, just about one hundred citizens of voting age died in Glendale.

BROTHER ELK WRITES

ARTHUR FAIRCHILD TELLS OF DEATH OF LESTER MEYER IN FRANCE

The following letter was read at the meeting of Glendale Lodge, B. P. O. E. last night:

France, June 2, '18.
Secy. of Elks' Lodge,
Glendale, Calif.
Dear Brother:

It is my sad duty to write to you of the death of a brother and great personal friend of mine, Lester L. Meyer.

He was killed by a fall in his aeroplane from a height of 150 feet. He died almost instantly about 10 o'clock the morning of May 31st, 1918.

Lester was greatly loved by all about him, generous to a fault, loving all and hated by none, doing his duty as he saw it, no matter at what great sacrifice and we know it was a sacrifice for him to break all loving home ties voluntarily.

Lester was buried with full military honors yesterday, June 1st, 1918, in A. E. F. Cemetery No. 32 and lies in Grave 31.

Yours fraternally,
BRO. ARTHUR FAIRCHILD,
No. 420 B. P. O. E., Juneau, Alaska.
Address, Arthur Fairchild,
2nd Lieut A. S. S. R. C.,
American Ex. Force.

IN HONOR OF SOLDIERS

The following will assist Mrs. Ella W. Richardson Thursday evening, July 4, when she entertains in honor of Companies C and D of the Coast Artillery who are now at the rifle range: Mr. and Mrs. John A. Logan, Mr. and Mrs. C. O. Pulliam, Mr. and Mrs. Alex Mitchell, Mr. and Mrs. L. W. Bosserman, Mr. and Mrs. C. L. Peckham, Mr. and Mrs. Andrew Stephenson, Mr. and Mrs. Dale Vaughn, Mr. and Mrs. George Holman, Mr. and Mrs. S. C. Leppelman, Mr. and Mrs. J. W. Durham and Mr. and Mrs. Bert P. Woodard.

Preparations are being made by Mrs. Richardson and those who will assist her to give these boys a royal good time. All the young men present will be in uniform and Mrs. Richardson has invited the young ladies of her circle to assist in making it pleasant for them. There will be indoor games in charge of Miss Frances Jackson for those who do not care to dance.

Captain Stewart has accepted the invitation to this affair for practically all of his men.

LIFE "OVER THERE"

ASA BOTT WRITES OF GAS CHAMBER DRILLS AND OTHER ROUTINE EVENTS

Mrs. W. N. Bott is in receipt of the following letter from her son Asa W. Bott, now with Company C of the 23d U. S. Engineers, A. E. F., France. It contains much that will be of interest to his friends here.

May 26, 1918.

My Dear Mother:

Your letter of April 30 reached me May 23 and you know I am always glad to receive mail from home. Pretty quick delivery, wasn't it? Wish all mail could be delivered as promptly.

I feel like writing some news, so will do my best. But the next problem is, where will I start?

Last Tuesday eve was a day I won't forget for at least a week more. The company was put through a gas chamber drill in a chamber filled with shell gas. The evening was very hot and close so we were very warm after walking to the drill, a distance of about two miles. The chamber contained a penetrating form of mustard gas. When we went in with our masks on everything was O. K., until the gas began attacking the body. Then, oh, some hot! Believe me, it was somewhat worse than a furnace. The ten minutes we were caged up seemed like so many hours. We were surely glad to get out.

Every night this week we have had some sort of entertainment at the Y and have enjoyed them immensely. They help to drive dull care away and help to keep us light hearted and impress upon us the fact that we are not as bad off as is possible to be. There has been a movie show, vaudeville, boxing and wrestling matches, some local talent and others of nearby camps.

This morning we had church services as usual. I am still holding down my job as pianist and probably will hold it until I am fired. Our services are very interesting and help

GLENDALE, CALIFORNIA, TUESDAY, JULY 2, 1918

KING KORN AIMING WALLOP AT KAISER

If the Kaiser could be induced to take a daylight airplane ride over the great farming section of the central plains, including most of Nebraska and Kansas, today, he would start a peace offensive by wireless at once.

Food for the world is growing and ripening on millions of acres, giving promise of a year of comparative plenty for America and her associates in the war. Wheat harvest is on under most favorable conditions throughout much of this section, and corn, which has had a fine growing season, is being "laid by" in Central Kansas and is developing rapidly in Nebraska.

The widespread scare about seedcorn last winter and spring was a wholesome thing for the crop now developing. So general was the testing of seed before planting, on account of warnings sent out by state agricultural colleges that much seedcorn had been killed during the winter, that practically all corn planted germinated well, and a good stand was general.

Heavy rains and plenty of sunshine have contributed much to development of what promises to be a kaiser-killing food crop.

Food administration propaganda has made corn one of the important human food crops. Once looked upon as a hog feed, corn now is eaten in many forms by almost every American family, and will be one of the staple articles of food during the next war year. Corn flour is largely used among the wheat substitutes now, and the nation has learned to relish corn bread of many kinds.

WHAT THE DEPARTMENT OF AGRICULTURE IS DOING

In addition to the 600 men leaders of boys' and girls' club work in the North and West, there are as many county agricultural agents who have learned to demonstrate canning effectively throughout their counties. Many of these have become expert canners. In several instances county agents have been offered positions in commercial food concerns to supervise and direct the work of food conservation.

More than 2,000,000 boys and girls were reached through club work last year, according to a compilation recently made by the United States Department of Agriculture, which supervises this work in co-operation with the State agricultural colleges. Of this number approximately 350,000 made complete reports, which show that they produced and conserved products amounting to $10,000,000. In the 33 northern and western states 840,606 boys and girls were enrolled. Of this number 160,625 made complete reports and produced and conserved products valued at $3,700,000. In the south there were 115,745 boys enrolled in the regular work, who produced products valued at $4,500,000, and 73,306 girls who produced and conserved products valued at $1,500,000. In the emergency club work in the south the club leaders reached over 400,000 boys and approximately 1,000,000 girls who produced and conserved products valued at more than $4,000,000.

The Joint Committee on Government Exhibits, representing the Departments of Agriculture, War, Navy, Interior, and Commerce, the Food Administration, and the Committee on Public Information, has adopted tentative itineraries for the display of exhibits representing the war-time and other activities of the various Federal agencies named. It is planned to divide the country into five circuits of larger fairs and expositions and it is hoped to cover each circuit with two baggage cars loaded with exhibits in August, September, October, and November. The department of Agriculture exhibits illustrate the nature of its work and the results achieved. They are all educational in character, and spectacular displays or those of purely technical interest are rarely used. The exhibits illustrate work of the Weather Bureau, Bureau of Animal Industry, Bureau of Plant Industry, Forest Service, Bureau of Chemistry, Bureau of Soils, States Relations Service, Bureau of Entomology, Bureau of Biological Survey, Office of Public Roads and Rural Engineering, and Bureau of Markets.

Nearly half of the premiums to be awarded by the Kentucky State Fair will be paid in War-Savings Stamps, according to information received by the Department of Agriculture from authorities of the State Board of Agriculture of Kentucky. The premium list for the 1918 fair totals $78,000, of which it is estimated that $35,000 will be paid in War Savings Stamps.

To reduce the $200,000,000 loss in food and other property destroyed annually by rats, the Bureau of Biological Survey of the United States Department of Agriculture is giving advice as well as assistance in a number of state and local campaigns against this worst of pests. State-wide campaigns are in progress in Mississippi, West Virginia, and Georgia, while Maryland, Minnesota, and Alabama are planning to take up such work in a few weeks. These campaigns are usually made through county agents and emergency workers, by co-operation with the States Relation Service. The Board of Health of Kansas has been making a state-wide educational campaign against rats, while many local organizations in cities, villages and rural communities have been engaged in active efforts to eliminate these animals. An indication of the increasing interest taken by the public in this work is shown in the steadily increasing demand for antirat bulletins and posters published by the department.

THE PAPER SCARCITY IN GERMANY

The paper scarcity has caused newspaper publishers in Germany to appeal to the chancellor. In this appeal the statement is made that because of the totally inadequate delivery of news print paper it has become the rule that the publishers, even in Berlin, do not know at noon if their papers can appear the next day. The members of the newspaper association have entered into an agreement according to which every publisher, who at 1 p. m. is not sure of having the requisite quantity of paper for next morning's edition, may demand of other publishers in the same city that they issue no papers on the same morning.

The government has not yet taken over the circuses—but the war is young and there is time enough.

TO IMPORT MEXICAN LABOR

To assist in meeting the present shortage in unskilled labor restrictions have been temporarily removed on the importation of **Mexican labor** to be used in certain occupations. This step supplements the order by which the Department of Labor has arranged to bring Porto Rican laborers into this country for work on Government contracts. It is estimated that 75,000 islanders can be brought in while transportation is available.

New regulations on the subject of Mexican labor contain rigid provisions to prevent any attempt at exploitation on the part of prospective employers. Wage rates current for similar labor in the localities in which the admitted alien is to be employed are assured, as well as good housing and sanitation conditions.

Applications for permission to import Mexican labor under the new provisions may be filed with United States immigration or employment service officials, giving the number of laborers desired, class of work, wages and place of employment.

BEAN PESTS CONTROL

Red Spider—Sulphur is the unicersal remedy, either applied in the dust form at the rate of 20 to 40 pounds per acre, with a blower, or as a wet spray, made up by first mixing the sulphur into flour paste, using the latter at the rate of four gallons of paste to 100 gallons of spray. Another formula for a wet spray is one ounce of glue dissolved in one gallon of water for mixing the sulphur. Ten pounds of sulphur for a 200-gallon tank is the common formula. The important thing is to get the under surface of the leaf well covered with the sulphur. A single application will last two or three weeks.

Bean Thrips—Leaves infested with thrips turn pale and drop and if infestation is severe, entire defoliation may follow. Thrips are seldom injurious enough to warrant control measures, but can be effectively dealt with by the use of tobacco decoctions.

Nicotine sulphate, 40 per cent, 5 ozs.

Fish oil or laundry soap, 2 lbs.

Water, 50 gals.

This spray must be applied to the under side of the leaf, necessitating the use of an **angle nozzle.**

CAUSE OF THE SHEDDING OF TOMATO BLOSSOMS

It is well known by farmers and gardeners that under some soil and climatic conditions it is very difficult to get tomato plants to set much fruit. The vines look fine and healthy and bear a large number of blossoms, but practically all of them fall off. The better the care given the tomatoes, apparently the poorer is the resultant crop. This peculiar behavior has long been a puzzle to farmers. Recent researches have uncovered the cause of the shedding and indicated ways of avoiding it. The shedding bears a definite relation to the available nitrogen content of the soil, or, in other words, to the richness of the soil. It also bears a relation to the amount of water in the soil. Where the soil is very rich or where the plants are heavily watered they do not manufacture enough strengthening material in the pedicels to hold the blossoms. The energies of the plant are expended in growing vine at the expense of setting fruit. Excessively rich soils should not be planted to tomatoes, and light or only moderate irrigation should be practiced. If the soil is rich, no more water should be given the plants than is sufficient to keep them healthy. In many cases, where the flowers are falling badly, a crop can be set by simply withholding the water from the plants for several weeks during the blooming period. Of course, the plants should not be permitted to suffer for water, as this is just as injurious as is an excess.—Farm Bureau Monthly.

WEATHER FORECAST—Generally cloudy tonight and Wednesday. Probably showers in the mountains. Light westerly winds.

AMERICANIZATION MOVEMENT

Plans for an Americanization movement will be laid tonight in Los Angeles at a great mass meeting and patriotic rally called by the Chamber of Commerce Americanization committee co-operating with the Americanization Bureau of the state immigration and housing commission.

HIGH TIME

Scout—I heard you were going to join the aviation corps, Rastus.

Negro, who's a good auto mechanic—No, sah, I ain't in no hurry to join dat. S'pose the motor would stop while we were way up and de man would say, "Rastus, gwan out and crank up the engine," who do you think I am anyway?—Boy's Life.

An invitation to British, French, Italian, Serbian and Belgian consuls in Los Angeles to send "gassed" soldiers to Arrowhead hot springs, near San Bernardino, has been extended through Collector of the Port John B. Elliott, it was announced today. The plan is to test out the curative powers of the hot mineral waters. The plan is to establish a miniature tent city for the suffering soldiers. Data as to the effect of the treatment will be turned over to Congressman William Kettner, who has a bill pending in Congress for the purchase of the springs as a convalescent hospital for American soldiers.

The training school for Y. M. C. A. secretaries of California, Oregon, Nevada and Arizona, which has been in session at Asilomar since June 18, closed today. Two hundred western Y. M. C. A. workers and secretaries were in attendance at the training school. Lyman L. Pierce, general secretary of the San Francisco Y. M. C. A., was principal of the school and R. R. Perkins acted as dean of the city association work.

Southern Pacific officials have a squad of accountants busy today, figuring up back pay of the several thousand Southern Pacific employes, in order to make the payment of increased wages recently ordered by Director General of Railways McAdoo. The wage increase will mean approximately $1,000,000 additional monthly for Southern Pacific employes and it dates back to January first, so that $5,000,000 in back pay will be distributed in the next few weeks.

NOTICE TO CREDITORS

No. 39051

In the Superior Court of the State of California, in and for the County of Los Angeles.

In the matter of the Estate of John J. Zipprodt, deceased.

Notice is hereby given by the undersigned, Ida Zipprodt, administratrix of the estate of John J. Zipprodt, deceased, to the Creditors of and all persons having claims against said deceased to exhibit them with the necessary vouchers within four months after the first publication of this notice to the said administratrix at the office of Evans, Abbott & Pearce, attorneys at law, 1007 Van Nuys Building, corner of Seventh and Spring streets, city of Los Angeles, County of Los Angeles, State of California, which said office said undersigned selects as the place of business in all matters connected with said estate, or to file them with the necessary vouchers within four months after the first publication of this notice in the office of the Clerk of the Superior Court of the State of California in and for the County of Los Angeles.

Dated June 19, 1918.

More than 800 penalties for violation of rules and regulations governing licensed dealers in foodstuffs have been imposed during the past 10 months by the Food Administration. About 150 companies and individuals have been ordered to quit business in licensed commodities for a limited or unlimited period, and over 500 have voluntarily made a money payment, usually to the Red Cross, or have temporarily abstained from doing business rather than risk calling down more drastic penalties.

A. T. Cowan,
Publisher Glendale News,
Glendale, Calif.

Dear Sir:

You may cut out the classified ad we are running, as we have arranged for the Glendale rights with Ronald A. Elrod, who tells us he saw the ad in your paper. In addition, we are in receipt of two letters of inquiry this morning.

We would say the people of Glendale read their home paper, and when we want to reach them you may be assured that we will use your columns.

Resp.,
CAMERA!
E. M. ROBBINS,
Editor.

City Clerk Sherer states that the renumbering of Glendale can not be accomplished much, if any, before September. The report of City Engineer Lynch will be submitted to the Board of Trustees in the near future and following that ordinances will have to be adopted by the Board, all of which will take time.

Personals

Rev. and Mrs. O. P. Rider and a party of friends are planning an auto ride and picnic supper for July 4th.

Little William La Fountain of 131 West Acacia, has gone to Long Beach to spend his vacation with his aunt, Mrs. Martin Marshall.

Mrs. Frank I. Marsh of South Central avenue left Tuesday morning for Chino, where she will be a guest of the family of Mr. and Mrs. C. E. Davis.

The regular monthly all-day meeting of the Ladies' Aid Society of the Presbyterian Church of Tropico will be held at the church Thursday, July 11th.

Mrs. A. J. Schmidt and daughter Lucile of Oakland, Cal., accompanied by Mrs. M. Cabrett, are the guests of Mr. and Mrs. D. Gervais of 1439 Ivy street.

Mrs. Sophie C. Porter of 821 West Fifth street has received word from her son, H. M. Porter of Chicago, that he will celebrate the Fourth of July with her.

M. P. Harrison and family, of 245 South Kenwood street, leave tomorrow (Wednesday) for three months outing. Their first stop of any length will be at Santa Barbara.

Mr. and Mrs. E. G. Pfeiffer of 1222 Chestnut street leave today, Tuesday, for San Diego, where Mr. Pfeiffer will be employed in Y. M. C. A. work for two months.

Miss Katherine Renshaw of 1462 Lomita avenue, who has been confined to the house for some time by illness, is improving and hopes soon to be in normal health.

Mrs. Frank Liddell of 234 North Kenwood street, this city, has received word of the safe arrival in France of her son, Lieutenant Frank R. Liddell, which will be good news to his friends here.

Miss Helen Harden is enjoying a vacation from her duties in the offices of Drs. Hogue and Boyer and will spend a week with friends at Alpine Tavern, Mt. Lowe, and the following week at Long Beach.

The Kensington club will hold an all-day meeting at G. A. R. hall, Glendale, Tuesday, July 9th, to which all members are invited as well as their friends. Bring your work and come prepared to have a pleasant time.

The Glendale Evening News office has been decorated by a friend with an immense stalk of sun flowers which are very double and very beautiful. They constitute a wonderful exhibit and we regret that the grower neglected to leave his name.

Miss Louisiana Spaulding recently drove down from Tulare in her new Dodge car and is spending the summer with her parents, Mr. and Mrs. S. J. Spaulding, of 121 West Park avenue. Miss Spaulding is instructor of music in Tulare schools.

Mr. and Mrs. C. H. Root of Ripon, Wisconsin, have just come to Southern California to make their permanent home here. They are the parents of G. S. Reitter of 314 North Maryland and also of Mrs. E. Tummel, who has just moved from 810 West Seventh street to 1221 Milford street.

Any member of the W. R. C. who wishes to work for the Red Cross and have her time credited to that organization can do so at the City Hall in Tropico every Monday and Wednesday. At Glendale Red Cross rooms the second Wednesday of the month. Ladies will be in attendance to see that the time is carefully kept.

Mrs. Richmond Lane of 1220 Doran street leaves this (Tuesday) morning on a transcontinental journey to visit her husband, Lieutenant Lane, at Fort Oglethorpe, Camp Greenleaf, Ga., who was transferred to the medical men's training camp there about two months ago, and who is expecting to be sent over seas very soon.

There is every prospect that Glendale will have a very quiet Fourth of July. Fireworks of every description are forbidden by a standing ordinance, even the torpedo, loved of children, being tabu, though many boys and girls do not seem to know it. Officials of various organizations have been interviewed, Masons, Knights Templar, Sons of Veterans, and G. A. R's, all of whom say no special celebration has been planned. Members of the N. P. Banks Post may accept invitations to join with Los Angels posts in celebration, but they will go as individuals.

Mr. and Mrs. Harry Deach of San Francisco motored to Glendale last week and were guests of Mrs. Deach's sister, Mrs. T. F. Higgins, Jr., and family at 418 Adams street. They left on the return trip Tuesday, taking with them Mrs. Higgins and little daughter, who go to make their home in the northern city, Mr. Higgins to follow later. The Higgins family came to Glendale a year ago and have made many friends during their short residence here.

Mrs. W. Weldon of Los Angeles celebrated her birthday last Friday with a family luncheon party at which covers were laid for Mrs. John Crane, Mrs. Herbert Crane, Mrs. George Jensen, formerly of Moline, Illinois, Mrs. Charles Bruck and her son, Herbert, all of this city, the guests remaining for the afternoon.

This (Tuesday) evening young people of the First Methodist Church of Glendale, including members of the Epworth League, the J. O. C. Class and the Young Business Men's Class, will entertain at the church soldiers in Companies C and D of the Coast Artillery now at the rifle range in this city. The invitation has been tendered and accepted and it will probably be a big affair. A brief program, music and games will constitute the entertainment.

A HAPPY BIRTHDAY

Thursday, the 27th of June, was an ideal day, illuminated by the radiant sunshine made more delightful by the soft, balmy breezes wafting the perfume of a variety of flowers and rendered musical by the notes of "feathed songsters." No human orchestra can surpass in melody that of "Nature's grand, unwritten music," the tiniest flower and smallest blade of grass joins in the chorus.

This lovely day marked an important event in my life. It was my birthday and the milestone bore the figures 82. I was entertained by my granddaughters, Mrs. D. W. Nefsy and Mrs. Paul W. Brown at a luncheon, beautiful and delicious. At one o'clock Mesdames Harry Willard and R. M. Walker with her sweet little daughter came and joined us at lunch, adding so much to the happy occasion. After lunch my eldest great grandson, Wm. Nefsy, presented me with a package containing gifts from each one of the family and the friends present.

The afternoon was filled by calls from numerous friends, among whom was my beloved pastor, Rev. Vernon Cowsert, his good wife and attractive daughter. To know that I am soon to lose my pastor and family is an inexpressible sorrow to me. I shall miss the weekly visits of my pastor, so thoughtful of me when not able to attend church. Their lovely gifts, so characteristic of the donors, will ever be remembered with sincere thanks. To the kind friends who looked me up at my granddaughters and with good wishes and exquisite flowers added to the joy of a happy birthday I extend loving thanks.

I returned home at 5:30 to be greeted on all sides by gifts and floral offerings. Surely I was the happy recipient of many blessings.

At 7:30 p. m. my neighbor, Mrs. Smith, and daughter Miss Margaret came over with a tray of delicious cake and ice cream, another feast on this wonderful day. I said, "This completes a perfect day." No, another surprise awaited me. Mr. Wright, the highly esteemed superintendent of the Glendale Baptist Sunday School, with three friends, called, bringing flowers, lovely flowers, making, if possible, a perfect day more perfect. I felt like singing the Doxology, "Praise God from Whom all blessings flow."

Mrs. M. M. VAN GLAHN.
1516 W. 7th St., Glendale, Cal.

ALL-DAY MEETING OF POST AND CORPS

The regular all-day meeting of N. P. Banks Post and W. R. C. was held at the G. A. R. hall, Glendale avenue, Friday, June 28. There was a good attendance and the luncheon was, as usual, all that could be desired. No program had been arranged, but several came prepared with interesting clippings from papers in regard to the doings of our boys in camp. Several had interesting things to tell about them, while Comrade Le Close of Eagle Rock read "The Partnership of the Devil and Kaiser Bill," which brought down the house.

Two p. m. came all too soon, but the time was and we adjourned to meet the fourth Friday in July.

JULINA HAYES, P. C.

MOTOR TO YOSEMITE

Saturday morning a party of young students from Throop college left on a motor trip to the Yosemite to enjoy a week's vacation from their strenuous duties. The party consisted of Capt. Eugene Imler, Captain Frank Capra, Lieut. Robert Sticht, Sergt. Wallace Weldon, Turner Ferguson, William Thomas and Fritz Karge. They will stop en route at Kingsbury, where they will be guests of a former classmate, Samuel Rasmussen, who is in the naval reserve at Mare Island and who is enjoying a short furlough at his father's large ranch. Throop college will be in session all summer, in fact for the duration of the war, with intervals of only a week at a time, so these young men fully appreciate this outing.

SAVE APRICOTS PITS

The Salvage Department of the Junior Red Cross is asking everybody to save apricot pits, for which there is a market when offered in ton lots. Now is the canning season and if everyone will save for the Red Cross, enough can be collected to be worth while. They will be gathered up later in the season.

RED CROSS LUNCH WEDNESDAY

Mrs. Jack Boettner, Chairman of the Red Cross Shop, reports that the regular weekly luncheon will be served Wednesday instead of Thursday, on account of Independence Day falling on Thursday.

LIFE "OVER THERE"

(Continued from Page 1)

to keep our hearts on right thinking and right living.

This afternoon we went on a regular old-fashioned Sunday afternoon excursion. First one we have had of any interest since we arrived in France. We boarded some box cars on the narrow gauge railroad (16 in all) and took about a 15-mile trip. About 1200 fellows on the trip including officers and men. Well, we saw some of the prettiest country that can be seen anywhere. Every little piece of land was tilled in some way. Either alfalfa, clover or grain or garden truck. There were canals and a large river peacefully passing through the center of the valley. We arrived at our destination and saw two pretty good ball games as well as hearing a good band concert. There were many things there that I could tell of if I had time, but will save for another time.

I truly hope this short letter finds you well and everybody feeling fine.

I am as usual fine. I could only feel better if I was home, but before long we expect to be. Our roads on this front will be done about August so we are going "some place" for the winter.

With as much love as ever for mother and home folks.

Lovingly, your son,
ASA.

LAND ARMY ENLISTMENTS

Misses Maybelle and Harriet Douglas, Miss Lorraine Mitchell and Miss Bertha Berry of this city have outfitted themselves with land army uniforms consisting of puttees, khaki trousers, smocks, hats and coveralls and expect to leave Monday with a unit of fifty other enlisted women for Hemet to work in the fruit. Some will be pickers, some will cut it for drying. Part of the workers will be quartered in private homes and for others dormitories have been arranged in the public school buildings where shower baths and other comforts and conveniences have been installed. Monday a party of 200 women students from Occidental college was sent to San Fernando. The women are expected to carry their own bedding and toilet articles, also a couple of house dresses to wear in the dormitories. Another unit will be sent Tuesday and they will be sent from day to day as the needs of orchardists require. While it is all piece-work, the minimum wage is $9.00 per week and employers expect at the prices paid that every worker can earn much more than that, in fact they frankly say they do not want women who are not nimble enough to earn more than that. Miss Maybelle Douglas has promised to earn $5 a day before she quits, but will probably require some experience and practice before she reaches that goal. An eight-hour day will govern the work and should emergency require work over time to save the fruit, the workers would be paid 25 per cent more than the regular scale. The expense of board and lodging is estimated at $22 to $23 per month. The present work will last about thirty days, but when peaches and apricots are gone the tomato crop will come on to prolong the season.

SEND MONEY TO SOLDIERS

The original order that the approval of a regimental or higher commander was necessary before packages might be sent to members of the expeditionary forces has been modified so officers with the rank of major and higher may approve shipments. The approval of a company commander is not sufficient.

The question of the shipment of parcels to France first came to the attention of the War Department when the commanding general of the expeditionary forces cabled that congestion of such articles had reached such a point that French railroads were unable to handle the load. A board appointed by the Secretary of War and the Postmaster General examined 5,000 sacks of parcel-post mail, and found that the articles being sent not only, in the main, were absolutely unnecessary, but undesirable. The investigation showed that the amount of such mail had reached a total of 500,000 pounds a week, and was steadily increasing.

Relatives, and friends, according to a recent statement by the War Department, will find they often can do a greater service to soldiers by sending them money for the purchase of articles in France than by forwarding the articles. Tobacco is now being supplied as part of the Army rations, and merchandise of nearly all kinds may now be purchased in France through the huge general store established by the Quartermaster Corps at lower prices than charged by retailers here.

STUDY QUESTIONNAIRES

(Continued from Page 1)

pendency, and all registrants engaged as follows are to be considered by local and district Boards as engaged in non-productive occupations or employments:

(a) Persons engaged in the serving of food and drinks or either in public places, including hotels and social clubs;

(b) Passenger elevator operators and attendants and door men, footmen, carriage openers and other attendants in clubs, hotels, stores, apartment houses, office buildings and bath houses;

(c) Persons including ushers and other attendants engaged and occupied in and in connection with games, sports and amusements, excepting actual performers in legitimate concerts, operas and theatrical performances;

(d) Persons employed in domestic service;

(e) Sales clerks or other clerks employed in stores and other mercantile establishments.

Reasonable Excuses

The regulations state that the following grounds shall be accepted by the local and district Boards as reasonable excuses for temporary idleness or for being engaged in non-productive occupation or employment:

(a) Sickness;

(b) Reasonable vacation;

(c) Lack of reasonable opportunity for employment in any occupation outside of those described in the foregoing section or those hereafter specified by regulation or ruling;

(d) Temporary absence from regular employment not to exceed one week until such temporary absences are habitual, shall not be considered absences;

(e) Where there are compelling domestic circumstances that would not permit a change of employment by the registrant without disproportionate hardship to his dependents or where a change from a non-productive to a productive employment or occupation would necessitate the removal of the registrant from his place of residence and such removal would, in the judgment of the Board, cause unusual hardship to the registrant or his family; or when such change of employment would necessitate the night employment of women under circumstances deemed by the Boards unsuitable for such employment of women, the Boards are authorized to consider any or all of such circumstances as reasonable excuses for non-productive employment.

Rulings Interpreted

A circular letter from Washington dated June 21st thus interprets the rulings:

(1) Paragraph a, Section 121 K does not include managers, cooks, clerks or other employes unless they are engaged in the serving of food and drink;

(2) The words "other attendants" in Paragraph b of Sec. 121 K, includes bell boys and also porters unless such porters are engaged in heavy work;

(3) Paragraph c, 121 K, includes in addition to ushers and their attendants, all persons engaged and occupied in games, sports and amusements except actual performers in legitimate concerts, operas or theatrical performances;

(4) Paragraph d, Sec. 121 K, does not include public or private chauffeurs unless they are also engaged in other occupations or employments defined as non-productive;

(5) Paragraph e, Sec. 121 K, does not include store executives, managers, superintendents, nor the heads of such departments as accounting, financial, advertising, credit, purchasing, delivery, receiving, shipping, and their departments; does not include registered pharmacists employed in wholesale and retail drug stores or establishments; and does not include traveling salesmen, buyers, delivery drivers, electricians, engineers, upholsterers, carpet layers, nor any employes doing heavy work outside of the usual duties of clerks;

(6) The words "salesclerks and other clerks" in Paragraph e, Sec. 121 K, do include the clerical force in the office and in all department stores and mercantile establishments.

(7) The words "stores and other mercantile establishments" in Paragraph e, Sec. 121 K, include both wholesale and retail stores and mercantile establishments engaged in selling goods and wares;

(8) In addition to the cases where reasonable excuses may be accepted for temporary idleness or for being engaged in non-productive occupations or employments, local and district Boards have the authority under the regulations to withhold or postpone action for a reasonable time in cases where it appears that the registrant in good faith is or has been seeking productive employment and that such reasonable postponement will enable him to secure such employment;

(9) Local Boards are instructed to co-operate with the State Directors of the U. S. Employment Service or local agents of such service when advised of their appointment and location in order that this agency of the government may be enabled to assist registrants engaged in non-productive occupations or employments to obtain work of a productive character as soon as possible and with the least hardship or inconvenience. To this end local Boards should furnish to such Directors or agents the names and addresses of registrants who may require information with respect to chances for employment and refer all registrants requesting such information to the directors or agents of the U. S. Employment Service.

To Motormen and Conductors

Pacific Electric Railway

You have been asked by outside steam line union agitators to strike, *with no reason except to secure recognition of unions.*

Do *YOU* know what that means?

It means aid to the Huns. It means efforts to cripple transportation to Los Angeles Harbor and thereby cripple ship construction; yet more and more ships, AS QUICKLY AS POSSIBLE, are vital that our Southern California boys, on European battlefields, be not helplessly slaughtered.

Do YOU stand for that?

It means an attempt to cripple service to our Army and Navy at the Harbor.

Do YOU stand for that?

Your wages have been raised five times voluntarily in thirty months—you who were in service in December, 1915, are getting on the average more than 40 per cent increase since that date.

Is THAT unfair?

You are making on the average in street car service $125 per month; interurban passenger service $135 per month; and in freight service $167 per month.

Your wages have been fixed on the exact basis of increase recommended by the National Railroad Wage Commission as adopted by the Director General of Federal Railroads. This was voluntary—the Pacific Electric is not a Federal road.

Don't you know that, according to the National Railroad Wage Commission report in December last year, 51 per cent of the railroad employes of the United States received LESS than $75 per month and 80 per cent less than $100 per month—and only 3 per cent over $150 per month.

Are not our wages living wages?

You get paid by the hour, so every hour you put in represents gain to you. Have you in mind what the National Railroad Commission said in its report of April 30th as to hours of service during the war? It said—

"Manifestly, therefore, at this time, when men must be constantly taken from the railroads, as from all other industries to fill the growing needs of the nation's army, hours of labor cannot be shortened and thereby a greater number of men be required for railroad work. The nation cannot, in good faith, call upon the farmers and the miners to work as never before, and press themselves to unusual tasks, and at the same time so shorten the hours of railroad men as to call from farm and mine additional and unskilled men to run the railroads.

"The Commission does not believe that the Railroad employes really want thus to hamper the transportation facilities of the country in its hour of need."

Anything WRONG in this?

Do you know that in the President's Proclamation of March 29th last, incorporating as a part thereof the principles and policies to govern relations between workers and employers during the war, as adopted by the National War Labor Board, the one most emphasized was:

"THERE SHOULD BE NO STRIKES OR LOCKOUTS DURING THE WAR."

Do you know also, in the same proclamation, it is stated that workers "shall not use coercive measures of any kind to induce persons to join their organizations, nor to induce employers to bargain or deal therewith?"

And that a policy by a company of dealing ONLY with its own employees under "open shop" conditions shall NOT be deemed a grievance?

Are YOU going to violate these policies?

Are YOU going to be a party to a plan to tie up Southern California industries essential to winning the war by tying up transportation, AND THUS HELP THE ENEMY?

I don't believe you are. As for the Pacific Electric Railway, it has an obligation to meet; to keep its service going; to take care of passenger service to industries; to protect all its loyal employees, AND THESE THINGS WIIL BE DONE.

I ask you to reflect carefully before you act. Consider this situation from the viewpoint of patriotic Americans who want a clean record through the war; one you will be proud of and that your children will be proud of.

Paul Shoup,
President,
PACIFIC ELECTRIC RAILWAY CO.
